

Ofakim: The University of Haifa Honors Program 35 year reunion

**Pictures from the 35 year reunion
28/12/2011**

The "Ofakim" Program recently marked its 35th Anniversary with a special Conference which drew about 150 graduates from all the program's years. The conference combined lectures, round table panels, social gatherings, wine and live music. The event ended with the launch of the "Alumni Forum", a forum which will act as a social, academic and professional network that will connect all the program's graduates throughout the future.

Prof. Mina Evron, head of the program: *"With such a combination of intelligence, spirit of volunteerism and commitment among the graduates, the sky is the limit".*
