

#### THE OFAKIM PROGRAM OFFERS:

A versatile interdisciplinary program of studies combining courses specially designated for the Ofakim students, in addition to other courses they have chosen from among those offered by the university.

Studying in a unique environment which provides close personal guidance for each student.

Participation without prior requirements in advanced courses and M.A. courses.

Monthly seminars given to the students by top lecturers from various fields of research, culture and literature.

Integration into active research will be awarded with academic credit

Community service will be awarded with academic credit (subject to criteria set by the Dean of Studies).

Full exemption from student fees in the 1st year; full exemption from student fees in the 2nd and 3rd year conditional to the fulfillment of certain criteria.

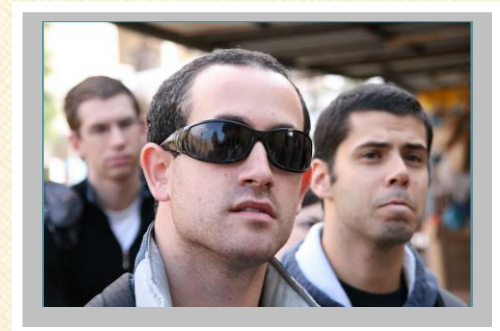

## Ofakim: University of Haifa Honors Program

*"The most beautiful thing we can experience is the mysterious. It is the source of all true art and all science. He to whom this emotion is a stranger, who can no longer pause to wonder and stand rapt in awe, is as good as dead: his eyes are closed."*

*Albert Einstein*

### About the program

The Ofakim honors program allows students with outstanding individual potential and intellectual curiosity to develop their talents in a supportive and challenging environment. The program exposes students to a variety of philosophical viewpoints and academic disciplines, encouraging both interdisciplinary thinking and creative originality. The aim of the program is to encourage students to choose research tracks in their own field of study and to make significant contributions to society. Students admitted to the program follow a double-track course of studies towards a B.A. and subsequently enroll in the program, in addition to their own chosen discipline.
